**ANNUAL APPOINTMENTS**

RS: Called the meeting to order, and brought up today’s agenda including 2015 initiatives.

RP: Requested Ron to also ask Avalon what their 2015 initiatives are.

RS: Stated that he has reached out to Avalon, and in addition to their proposed FIA (Flood insurance assessment), they will be taking part in GTR (Getting to Resiliency) an initiative overseen by the DEP and a consulting firm working in conjunction with the College of New Jersey.

RS: Also noted that he has updated the list of insurance, banks/lenders and real-estate agencies for the distribution of flood preparedness information.

JD: Made a motion to approve the minutes dated January 15<sup>th</sup>, 2015.

WG: Motion.

JM: Seconded.

JM: Questioned when the next floodplain workshop for residents will be?

RS: Specified that we are months away and have not yet specified a date.

JM: Stated that we should select a date as soon as possible so we have the word out for a longer period of time. Then, we can do follow ups as we approach the date.

JD: Also noted that we need more advertisement for this year's floodplain/flood prevention meeting.

RP: Questioned when we will have a completed FIA.

RS: Specified that he is waiting to include the information from the floodplain meeting before he completes the FIA.

JM: Likes the new flood-info page, but thinks we should include a map of repetitive loss properties/areas, downloadable by the public.

RS: Stated that is easy, and he will ask for it to be uploaded to the flood info page immediately.

RS: What other event do you want to advertise at besides City events?

JD: Didn't we say National Night Out?

RS: Yes, I will make sure to have a pamphlet holder there.

WG: Asked for any further actions?

RS: Motion to close the meeting.

JM: Motion.

JD: Seconded.
