

City of North Wildwood Fire Department

HOME SAFETY & WELLNESS VISITS

The North Wildwood Fire Department Station 2 is now providing home safety and wellness visits.

What is a home safety and wellness visit?

NWFD will come to your home to help you identify potential dangers like tripping hazards, inoperative smoke detectors, and overloaded outlets. Upon request, a firefighter/EMT will check your blood pressure and other vital signs. These services are provided as a courtesy of the NWFD and are available for all North Wildwood residents.

Call the NWFD at 609-522-5743

or

email mblizzard@northwildwood.com to schedule.
